Assisted teaching 231 students by preparing modules and grading exams for Basic Programming (C).

Angkasa Pura I – IT Internship; Bandara I Gusti Ngurah Rai

Aug 2024 – Jan 2025

Built a web-based document tracking system with Next.js and PostgreSQL to improve workflow efficiency.

PROJECT

Anugerah Meuble | Fullstack Developer (Freelance)

Jul 2024 – Aug 2024

Github Link : <https://github.com/TrisnaUtama/server-msmes> & <https://github.com/TrisnaUtama/MSMES>

Website : <https://anugerah-meuble.vercel.app>

Tech Stack : Javascript, Next.JS, Express.Js, Firebase.

- Developed an e-commerce platform for a local furniture MSME to expand digital presence, using Next.js, Express.js, and Firebase.

Kuta Village | Fullstack Developer (Freelance), Collaboration Project

Mar 2025

Github Link : <https://github.com/TrisnaUtama/kuta-village>

Website : <https://kutavillage.com>

Tech Stack : Typescript, Next.JS, Firebase.

- Developed a village information portal (news, gallery, tourism) using Next.js, TypeScript, and Firebase.

Cryptova AI HR Advisor | AI Engineer, Collaboration Project

Apr 2025 – Mei 2025

Github Link : <https://github.com/TrisnaUtama/cryptova-ai-hr-advisor>

Tech Stack : Python, Django, ChromaDB, OpenAI API, Mistral AI, Langchain.

- Developed an AI-powered CV ranking system with RAG pipeline using Django, OpenAI API, and ChromaDB.

ACHIEVEMENTS

2nd Place | Coder Competition National Hybrid Mobile & Website Development 2024 Inovverse by Devest Infinite Learning.
